

BRAND GUIDELINES

Colors

Navy and Cream are the primary brand colors. Gold is used for accents only — never as a dominant color. Always use exact digital values and request Pantone matching for print, embroidery, and manufactured goods.

 NAVY #08121A PMS 2381 C* C70 M30 Y0 K90 R8 G18 B26	 CREAM #FAF1E5 PMS 9121 C C0 M4 Y8 K2 R250 G241 B229	 GOLD #C4973A PMS 871 C† C0 M24 Y76 K17 R196 G151 B58	 WHITE #FFFFFF PMS White C0 M0 Y0 K0 R255 G255 B255
--	---	---	--

Accent use only

* Navy: verify PMS 2381 C against physical swatch. Embroidery: Madeira 1044 or Isacord 8015.

† Gold: PMS 871 C is metallic — specify for foil, embroidery thread, and hardware. Use #C4973A for screen.

Logo System

Two marks, three colorways. Use the Wordmark for large applications. Use the P Mark for compact contexts — hats, icons, embroidery.

CREAM ON NAVY

Gold (PMS 871 C) may be applied to the diamond accent or underline element for premium applications — foil stamping, embroidery, hardware.

Typography

Lora leads for editorial warmth. Nunito Sans keeps supporting text clean, approachable, and highly readable at any size.

PRIMARY · HEADLINE & DISPLAY

Lora

Warm, humanist serif. Use for headlines, pull quotes, product names, and display text.

Weights: Regular · Medium · Semibold · Bold · Italic variants

fonts.google.com/specimen/Lora

SECONDARY · BODY & UI

Nunito Sans

Rounded, friendly sans-serif. Use for body copy, labels, captions, navigation, and supporting text.

Weights: Light · Regular · Semibold · Bold · ExtraBold

fonts.google.com/specimen/Nunito+Sans

TYPE SCALE

Display	Lora Medium	48–60pt
Headline	Lora Regular	32–40pt
Subhead	Nunito Sans Semibold	14–18pt
Body	Nunito Sans Regular	10–12pt
Caption	Nunito Sans Light	8–9pt
Label	Nunito Sans Bold	7–8pt ALL CAPS +tracking

GOLD ACCENT USE IN TYPE

Gold (#C4973A) may be used sparingly for typographic accents: decorative rules, drop caps, ornamental dividers, and section labels in premium print collateral. Never use gold for body text.

Usage Guidelines

CLEAR SPACE

Clear space:	Equal to the height of the diamond ornament on all sides
Rule:	Never crowd the logo with other elements, text, or graphics

MINIMUM SIZES

Wordmark — Print:	2.5" wide
Wordmark — Digital:	200px wide
Wordmark — Embroidery:	3.5" wide (sew-out proof required)
P Mark — Print:	0.75" wide
P Mark — Digital:	48px wide
P Mark — Embroidery:	1.0" wide

DO / DON'T

✓ Scale proportionally	✗ Stretch or distort the logo
✓ Allow adequate clear space	✗ Apply unapproved colors
✓ Use P Mark for hats & small apps	✗ Place logo on busy backgrounds
✓ Use PMS colors for print production	✗ Use drop shadows or effects
✓ Request embroidery sew-out proofs	✗ Recreate or alter the letterforms
✓ Use gold for accents only	✗ Use gold as a dominant color

GOLD ACCENT APPLICATIONS

Embroidery thread:	Madeira Metallic No.40 or matching gold thread
Hat hardware / buckles:	Specify antique gold finish — matches PMS 871 C
Print / packaging:	PMS 871 C metallic or foil stamp
Digital:	#C4973A — buttons, dividers, ornaments, icon highlights
Apparel stitching:	Gold accent stitch on cuffs, collars, or plackets

EMBROIDERY

Wordmark requires minimum 3.5" width for clean embroidery — always request a sew-out proof before production.

For hats: use P Mark only. Hat panels are too narrow for full wordmark legibility.

Navy thread: Madeira 1044 or Isacord 8015. Gold thread: Madeira Metallic No.40 Gold.
